Project Index

A Telephone Educational Intervention for Rural Children with Asthma	116
Adolescent Mothering and Preschool Behavior Problems	3
An Educational Behavioral Program for PKU	41
Behavioral Intervention with IUGR Infants	77
Body Composition in Pregnant Women	120
Breastfeeding Promotion Strategies for Urban WIC Women	60
Collaborative Study of the Effects of HIV on Development of Hemophilic Children	7
Computerized Screening of Pregnant Women for Nutrition Risk	81
Definition and Prevention of Infant Macrosomia	15
Early Cortisol Deficiency and Bronchopulmonary Dysplasia	142
Effect of Breast Pumps on the Duration of Breastfeeding	50
Evaluation of the Guidelines for Maternal Transport	67
Familial Adaptation to Developmentally Delayed Children	156
Infant Mortality and Socioeconomic Status	138
Infant Temperament: Stability and Change in Rural Appalachia	165
Iron Absorption in Infants	54
Otitis Media in Children and Later Language and Learning	131
Parent-Focused Intervention to Reduce Pain During Procedures	85
Physiologic Risk Assessments to Predict Preterm Birth	18
Preconceptional Vitamin Use and Neural Tube Defects	91
Predicting Preschool Function from Contingency Intervention	111
Predicting Teenage Pregnancy	103
Prevention of Drowning of Young Children	160
Reducing the Nation's Pediatric Intensive Care Mortality	32
Reduction of Risk for Hypertension in Urban Adolescents	146
Relationship Between Infant Feeding and Infections	125
Risk Taking Behavior in Adolescents: Impact of Puberty	21
Single Parents and Early Intervention Programs: Participation and Goodness of Fit	151
Spouse Abuse and Pregnancy Outcomes: A Prediction Study	28
Study of Psychosocial Factors in Maternal Phenylketonuria	96

Transition to Parenthood: Gender Roles and Distress	45
Unintended Pregnancy and the Well-Being of Children and Families	36
Use of High Calcium Infant Formula to Prevent Plubism	106
Young Adult Users of Services for Children with Special Health Care Needs: Service Utilization, Psychological Status, and Developmental Tasks	72
